Cocos Snapshots

Gambaran Cocos

This stamp issue celebrates creative oceanic culture on Cocos (Keeling) Islands. The works were produced as part of The Big Barge Art Centre's community art projects Art Adrift and Art Afloat, conceived by coordinating artist Sandy McKendrick, Cara Ratajczak and Emma Washer. The artworks express a vital connection with the place, responding to the ebb and flow of island life. Artists McKendrick, Washer, Hamidah Abedin, Rebecca Bagnell-Smith, Pam Jones and the Cocos Youth Group have created the works from the flotsam that is continually washed ashore. They ingeniously refashion it to give it new life infused with nautical tales, simultaneously responding to the environmental problem of ocean-borne detritus.

BUILDING PROJECT MANAGER

Once in a lifetime opportunity to live on a tropical island.

Are you nearing retirement, just need to take a step back for a while or need time out of the rat race to recharge your batteries? This may be the job for you.

The Shire of Cocos (Keeling) Islands is looking for a Building Project Manager who is not afraid of rolling up their sleeves and helping out on the tools; someone who can mentor and assist the shire's newly formed building team during a period of increased building activity.

Ideally you will be a registered builder who has experience supervising building projects in remote locations. You will have excellent problem solving and forward planning skills and can bring new ideas and improve the way we currently build. A qualification in another trade would be highly regarded.

For further information regarding living in paradise – www.cocoskeelingislands.com.au

For further information regarding the position or to get a copy of the application package please contact Mr. Aaron Bowman on 08 9162 6649 or ceo@cocos.wa.gov.au.

Quote of the Day

Devote yourself to your community around you and devote yourself to creating something that gives you purpose and meaning.

Thought for the Day

Life is so much brighter when we focus on what truly matters.

Your value does not decrease based on someone's inability to see your worth.

Try to be a rainbow in someone's cloud.

Jokes of the Week

A man had a pet centipede. He said, "centipede, go get the paper and make it snappy!"

A half an hour later the man went outside and said, "I thought I told you to get the paper a half an hour ago!" "Well, I had to put on my shoes," said the centipede.

A duck goes into a furniture store and says 'got any duck food?'

The guy at the counter says, 'sorry, we don't sell duck food.'

The little duck walks out. The next day, same duck, same guy. 'Got any duck food?'

'Sorry little duck, I told you yesterday, no duck food here.'

The duck walks out.

Next day, again, 'got any duck food?'

The guy says 'No! we don't sell duck food! and if you come in here again I'm gonna nail your feet to the floor!'

The duck walks out. next day, duck walks in. 'Got any nails?'

The guy says 'what?... no'. '...got any duck food?'

Handy vinegar tips

Note: spot test before going all out with any of the cleaning related tips below.

To remove calcium buildup on kettles and electric jugs, boil the kettle with half a cup of white vinegar and leave to soak for a while. Rinse with fresh water, reboil with same and your kettle should now be calcium deposit free.

Place a small container of vinegar in your toilet and bathroom to eliminate odours.

A half cup of vinegar added to a toilet bowl left overnight removes bowl odour. The smell of the vinegar will also dissipate overnight.

A cotton ball soaked in vinegar and applied to bruises for an hour is said to speed up the healing process.

Vinegar on minor burns and many sorts of stings can alleviate pain.

For cleaning your dishwasher, vinegar frozen into ice cubes, then a couple added to the bottom of the dishwasher just prior to a cycle is an effective alternative to using heavy chemical cleaners.

Old, stiff paintbrushes can be revived by dipping them into heated white vinegar for a couple of hours, followed by a rinse in soapy water. Beats using turpentine!

Vinegar can be used as a nappy soak; simply add half a cup of white vinegar to the water in the nappy bucket

Use it as a broad leaf weed killer – spray it undiluted onto the leaves of weeds, being careful to avoid plants you wish to keep. A mix of vinegar and salt can be used to keep weeds and grass out of driveway cement joints.

Vinegar can be used as a benchtop disinfectant; but it's a good idea to wipe over at night in order that the smell dissipates.

For pet owners, white vinegar poured onto pet urine mishaps on carpets, then blotted up with paper towel will prevent staining and odour.

Save money on washing pre-spray by spraying undiluted vinegar on deodorant and other stains on garments just prior to washing.

Spray a 50/50 mix of vinegar and water onto soap scum on shower screens, leave sit then wipe or rinse off.

Neat vinegar sprayed onto mould affected bathroom/shower tiles will kill the mould.

Vinegar can be used as a fabric softener by adding half the amount

Healthy Living Tips

Here are some tips to help you reduce your risk of diabetes. Manage your weight. Excess body fat, particularly if stored around the abdomen, can increase the body's resistance to the hormone insulin. This can lead to type 2 diabetes. Exercise regularly. Moderate physical activity on most days of the week helps manage weight, reduce blood glucose levels and may also improve blood pressure and cholesterol. Eat a balanced, healthy diet. Reduce the amount of fat in your diet, especially saturated and trans fats. Eat more fruit, vegetables and high-fibre foods. Cut back on salt. Limit takeaway and processed foods. 'Convenience meals' are usually high in salt, fat and kilojoules. It's best to cook for yourself using fresh ingredients whenever possible. Limit your alcohol intake. Too much alcohol can lead to weight gain and may increase your blood pressure and triglyceride levels. Men should have no more than two standard drinks a day and women should have no more than one. Quit smoking. Smokers are twice as likely to develop diabetes as non-smokers. Control your blood pressure. Most people can do this with regular exercise, a balanced diet and by keeping a healthy weight. In some cases, you might need medication prescribed by your doctor.

WA BEACH CLEAN UP DAY 15 OCT – Alor Charlie, HI

A cancelled Saturday Virgin flight meant a cancelled early morning ferry which reduced our number of clean up volunteers this year. Thankfully the crew from the Ocean Protector came to the rescue and made a dramatic difference to our clean up efforts. Volunteers also braved the massive task of sorting and counting the 54 bags of rubbish. Here are just some of our interesting (but not surprising) items:

- 3 full bags of hard plastic bits and 579 plastic bottle tops
- 1180 thongs
- 1560 plastic bag and wrapping remnants
- 3 full bags of small rope and net remnants and over a cubic metre of larger rope

Many thanks to Mak Zamani for coordinating and the Shire for disposing of the rubbish and providing our breakfast BBQ. Also thanks to Cara, Carly, Pak Denz and the Youth Group for the sorting and counting. See the difference at Alor Charlie beach (behind Pulu Gangsa). Regards, Trish!

Thank You

I would like to thank Tony for teaching me new skills and giving me the chance to work on the farm and the pizza night. I have learnt a variety of new skills from the farm which I can apply in the future. Also I have learnt how to make the best pizzas in Australia. If I hadn't of come to Tony I wouldn't have learnt any of these great skills. Thanks for giving me this opportunity, its been my pleasure to work for you Tony.

I would also like to thank Kelly for helping me out during my stay with the Canoe tours and many other things. Kelly has been very friendly and supportive to work with, Thanks.

Most of all, thanks to Ash and Kylie for their help and advice. It has been great working with you both on the tours.

Thankyou,
Xavier Valente

Cocos Farm Project – Community Update

The official opening of the Farm Shop was held recently with over 60 residents attending from Home Island and West Island. It also coincided with the new release of Cocos Islands WILD COCONUT range of skin care products made with our extra virgin coconut oil.

The Farm Shop concept evolved in July 2016 due to converting the old cool room into an office, product display room and upgrading of the bathroom and water supply. The upgrade was required to manage an increase in employees (for coconut oil production and packaging) and an increase in visitors for farm tours and workshops.

The future of the farm is currently under review, as we negotiate a new lease agreement with the Shire. Our aim is to continue the strategy to become Australia's only commercial producer and exporter of extra virgin coconut oil.

On behalf of the Cocos Artisans Team a huge thank you to everyone involved, in particular the Cocos community, as these new projects at the farm were only made possible with your support for Papa & Sons Pizza Nights and the Early Bird Artisan Bakery.

Please note we are having a break over November and will recommence the Pizza, Bakery and Farm Tours and Workshops in December. The Farm Shop will be open to the public every Friday for product sales and viewing the coconut oil production process.

Regards

Tony Lacy (Pak Jac)
Coordinator

Antibiotics don't kill viruses

Antibiotics are medicines used to treat infections caused by bacteria.

The common cold or flu is usually caused by a virus

Antibiotics will not

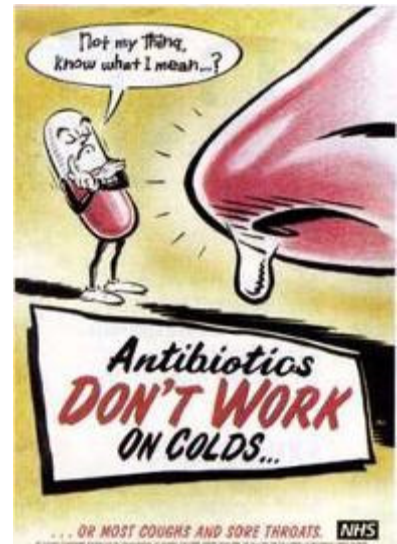

- kill a virus
- Will not help you get over a cold faster
- Won't stop your cold infection getting worse
- Won't prevent your cold from being passed onto other people

If you are usually well and healthy your immune system will step up for you.

If you catch a cold you can make yourself more comfortable by

- Resting
- Treating your symptoms
- Drinking lots of water and non alcoholic fluids
- Taking medicines such as paracetamol and ibuprofen

If you are concerned come and see us at the Health Centre.

Obat antibiotik tidak bunuh penyakit virus

Antibiotik adalah obat yang digunakan untuk mengobati infeksi yang disebabkan oleh bakteri.

Penyakit sama-sama biasanya di sebab kan dari virus

Antibiotik tak akan

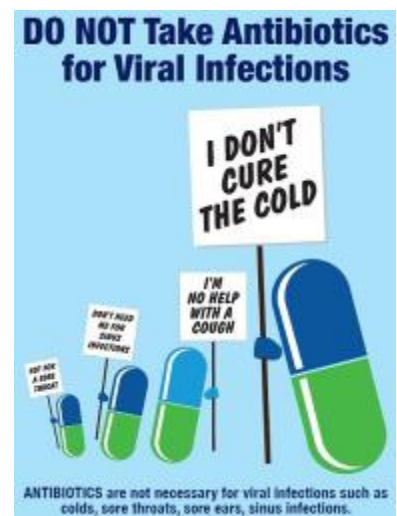

- Membunuh virus
- Tidak akan membantu anda mengatasi penyakit sama-sama lebih cepat
- Tidak akan menghentikan infeksi sama-sama anda semakin parah
- Tidak mencegah sama-sama kamu menjangkit pada orang lain.

Kalau kamu biasanya baik dan sehat system immun anda akan cegah penyakit itu untuk kamu.

Kalau dapat penyakit sama-sama boleh buat diri kita lebih enak dengan,

- Berehat
- Merawati simptom anda
- Minium banyak ayer dan jangan ayer miniuman

What do you think about Australia's consumer law?

Is it working well or can it be improved for the IOT? Now's your chance to be heard - so become part of the current review.

The Australian Consumer Law (ACL) commenced on the 1st of January 2011 and provides the same legal protection for all consumers. It doesn't matter if you live in the IOT or anywhere else in Australia. If you shop in-store or online, sign a contract for services or hire a tradesperson the ACL provides you with the same legal protection.

This is the first time the ACL has been reviewed and we want to know whether it's working effectively for everyone everywhere and what can be improved. An Interim Report has been written as part of the review (available at www.consumerlaw.gov.au). It draws on:

- more than 160 submissions received in response to the review's Issues Paper released on 31 March 2016;
- face-to-face stakeholder consultations held across Australia;
- findings from the Australian Consumer Survey 2016; and
- a study into overseas consumer laws.

The response to the review has been very encouraging and it seems some areas are operating well, but some might need more work and there's always room for improvement.

Let's hear your views on:

- product safety;
- consumer guarantees;
- unfair contract terms; and the current
- arrangements regarding the law's implementation, administration and enforcement.

Now's your chance to have your say and get involved to improve things for all consumers.

Your views and comments on the Interim Report can be submitted through the Have Your Say page on the Australian Consumer Law website (www.consumerlaw.gov.au) until Friday 9 December 2016. The Final Report will be presented to Australia's consumer affairs Ministers, including WA's Minister for Commerce, by March 2017.

Apa pendapat kamu tentang undang-undang pengguna Australia?

Apakah ia bekerja dengan baik atau boleh diperbaiki untuk IOT? Sekarang peluang kamu untuk didengar - jadi mari ambil bahagian dalam pemeriksaan ini.

Undang-undang Pengguna Australia ataupun Australian Consumer Law (ACL) bermula pada 1^{hb} January 2011 dan memberikan perlindungan legal yang sama untuk semua pengguna. Ini tidak kira kalau kamu tinggal di IOT ataupun dimana saja di Australia. Kalau kamu membeli distore kedai atau online, menyain kontrek untuk serbis atau sewaan tradesperson, ACL memberikan kamu dengan perlindungan legal yang sama.

Ini adalah pertama kali ACL diperiksa kembali dan kita ingin tahu jika ia bekerja dengan berkesan untuk semua dimana saja dan apa yang boleh diperbaiki. Laporan Interim telah ditulis sebagai sebahagian pemeriksaan ini (disediakan di www.consumerlaw.gov.au). Ia menarik tentang:

- lebih dari 160 surat pendapat yang diterima untuk pemeriksaan 'Issues Paper' dikeluarkan pada 31 March 2016;
- perundingan muka-ke-muka dengan stakeholder diadakan diseluruh Australia;
- pendapat daripada Australian Consumer Survey 2016; dan
- penyelidikan terhadap undang-undang pengguna diluar negeri.

Balasan daripada pemeriksaan ini telah sangat menggalakkan dan kelihatan yang separuh tempat-tempat yang berjalan dengan baik, tetapi ada yang mungkin perlu diperbaiki dan selalu ada tempat untuk diperbetulkan.

Ayo kita mendengarkan pandangan kamu berkenaan:

- keselamatan produk;
- jaminan pengguna;
- Syarat-syarat kontrek yang tidak adil; dan pada masa ini
- Pengurusan berkenaan pelaksanaan, penjagaan dan penegakan undang-undang.

Sekarang peluang kamu untuk memberi pandangan dan bekerjasama untuk memperbaiki barang-barang untuk semua pengguna.

Pandangan dan komen kamu di Laporan Interim boleh dimasukkan melalui halaman Have Your Say di website Australian Consumer Law (www.consumerlaw.gov.au) hingga Jumaat 9 December 2016. Laporan Akhir akan diserahkan kepada Minister-minister hal ehwal pengguna, termasuk WA's Minister for Commerce, pada March 2017.

Kid's Maze Puzzle - Draw a line from start to finish without crossing any lines!

Sudoku Station

How do I do it?

The object is to insert the numbers in the boxes to satisfy only one condition: each row, column and group of squares enclosed by the bold lines must contain the digits 1 through 9 exactly once. The rules for different size and shape puzzles are pretty much identical. The different size puzzles simply require a different set of numbers.
