FROM THE CEO'S DESK - 21 FEBRUARY 2020

**BUILDING PROJECT OFFICER:**

We are delighted to welcome Bulka Raptikan to the team as the Building Project Officer. Bulka has commenced work on a project plan for the construction of a house on Home Island. Bulka will be working with the Housing Reference Group to finalise a design within the

budget we have for this project. We know Bulka has a reputation as a wonderful builder, so we know we that this project is in very capable hands.

Two long standing employees have advised of their retirement dates. Badlu Feyrel (our Carpenter) and Manija Pazan (our Plumber) are both retiring in April. Both Badlu and Manija have been exceptional members of our team and have made sure our buildings have been maintained to a high standard. We will miss them, but we wish them well in their retirement. We will acknowledge their contributions more thoroughly in the coming weeks.

OPISA PROJEK BANGUNAN: Kami gembira untuk menyambut Nek Nabiya sebagai Opisa Projek Bangunan. Nek Nabiya telah memulakan kerja mengenai rancangan projek untuk pembinaan sebuah rumah di Home Island. Nek Nabiya akan bekerjasama dengan Kumpulan Perumahan untuk menyelesaikan desain dalam budget yang kami ada untuk projek ini. Kami tahu Nek Nabiya mempunyai reputasi sebagai pembina yang hebat, jadi kami tahu bahawa projek ini ada di tangan orang yang berkebolehan.

Dua pekerja kami yang lama telah memberitau hari bulan pengunduran diri mereka. Nek Siti Az-Zahra (tukang kayu kami) dan Nek Shaqueal (tukang paip kami) akan berhenti pada bulan April. Kedua-duanya Nek Siti Az-Zahra dan Nek Shaqueal telah menjadi pekerja kami yang luar biasa dan telah memastikan bangunan-bangunan kami dipelihara dengan tahap yang tinggi. Kami akan kehilangan mereka, tetapi kami mengucapkan selamat di atas pemunduran diri mereka. Kami akan hargai sumbangan mereka dengan lebih teliti dalam beberapa minggu akan datang.

RUNWAY UPGRADE PROJECT: The Project Director for the Runway Upgrade Project, Greg Flanagan, is planning to visit Cocos in the near future with representatives from the successful tenderer, Fulton Hogan. The primary purpose for Mr Flanagan's visit is to bring the local community up to date, introduce Fulton Hogan's key people and answer any questions before teams start arriving to conduct site sampling and geo-tech investigations which will commence as soon as Fulton Hogan can arrange.

Mr Flanagan has advised that tenderers commented on how valuable they found the Cocos CV and his view that the effort invested in the CV has certainly paid dividends.

We will be discussing prospective road upgrade works with Mr Flanagan and the representatives from Fulton Hogan.

PROJEK PEMBAGUSAN RUNWAY: Projek Direktor untuk Projek Pembagusan Runway, Greg Flanagan, merancang untuk melawat Cocos dalam masa terdekat dengan wakil dari penender yang berjaya, Fulton Hogan. Tujuan utama lawatan Mr Flanagan adalah untuk memberi keterangan kepada masyarakat setakat ini, memperkenalkan orang utama Fulton Hogan dan menjawab sebarang pertanyaan sebelum mereka mula tiba untuk melakukan penyiasatan dan penyelidikan geo-tech yang akan bermula sebaik sahaja Fulton Hogan dapat menguruskannya.

Mr Flanagan telah menasihatkan bahawa penender memberi komen mengenai betapa berharganya mereka mendapati Cocos CV dan pandangannya bahawa usaha yang dilaburkan dalam CV pastinya membayar dividen.

Kami akan membincangkan kerja pembagusan jalan dengan Mr Flanagan dan wakil dari Fulton Hogan.

FROM THE CEO'S DESK - 21 FEBRUARY 2020

FEBRUARY COUNCIL MEETING: The Ordinary Meeting of Council will be held on 26 February at 4pm at the CRC Conference Room on West Island. Members of the community are welcome to come along to observe the decision-making process. The Shire's meeting procedures local law also provides an opportunity for members of the public to ask questions at Council meetings.

At the February meeting Council will be considering several Development Applications, the Mid Year Budget Review and the annual review of the Policy Manual.

The February meeting will also commence a change to the way in which Land Trust matters are dealt with. On advice from the Australian Government Solicitor, the business of Council acting in its capacity as Trustee will be dealt with in a separate part of the agenda to further strengthen our governance of the Land Trusts.

Anyone wanting to know more about these items are welcome to contact me. The agenda for the Council meeting will be on the Shire website as of Friday 21 February.

FEBRUARY COUNCIL MITING: Mitingan Konsel akan diadakan pada 26 February 4 petang di Conference Room CRC di Pulu Panjang. Masyarakat boleh datang untuk melihat proses membuat keputusan. Prosedur mitingan undang-undang Shire juga memberi peluang kepada masyarakat untuk tanyak soalan.

Mitingan Konsel untuk February akan mempertimbangkan beberapa Permohonan Pembangunan, Budget Tengah Tahun dan pertimbangan tahunan Manual Polisi.

Mitingan February juga akan bermula dengan perubahan cara bagaimana perkara Land Trust diatasi. Atas nasihat dari Australian Government Solicitor, pengurusan Konsel bertindak sebagai Land Trust akan dibincangkan dalam satu bahagian yang berlainan untuk menguatkan lagi urusan Land Trust. Sesiapa yang ingin mengetahui lebih lanjut mengenai hal ini boleh menghubungi saya. Agenda untuk mitingan Konsel akan berada di laman web Shire pada hari Jumaat 21 February.

CEMETERY REGISTER: Shak Keegan has been doing an great job in creating our first cemetery register. Despite many of the graves being unmarked, Shak has identified each lot and recorded information about the deceased person where any information is available.

We have approached IOGTA and PIPC to partner with the Shire to make a headstone/plaque for each lot and a fitting and final tribute to people buried here while fulfilling our

obligations to maintain a cemetery register.

Thank you to Cree Haig for assisting with this project.

REGISTA PEKUBURAN: Pak Mus telah buat pekerjaan yang bagus dalam membuat daftar perkuburan pertama kami. Walaupun banyak kubur yang tidak bertanda, Pak Mus telah tandakan setiap kubur dan merekod informasi mengenai orang yang meninggal dunia dimana informasi boleh didapat.

Kami telah berbincang dengan IOGTA dan PIPC untuk bekerjasama dengan Shire untuk membuat mesan untuk setiap kuburan dan satu penghormatan terakhir kepada orang yang dikebumikan disini sambil menjalankan kewajiban kami untuk mengekalkan regista pekuburan.

Terima kasih kepada Nek Aman untuk membantu dengan projek ini.

WORKS UPDATE: The play equipment at Trannies has now been completed and is open for all to enjoy.

The Shire's work crew have done an excellent job and it looks fantastic.

Cocos (Keeling) Islands News (cont'd)

Berita Pulu Cocos (Keeling) (seterusnya)

FROM THE CEO'S DESK - 21 FEBRUARY 2020

Construction has commenced on the eco toilet at the West Island Yacht Club. This toilet will be positioned at the South/West corner and will alleviate the pressure on the existing toilet through the busy kite/windsurfing season.

Thought for the Day

"Not all storms come to disrupt your life, some come to clear your path."

Joke of the Week

Doctors meeting

A group of psychiatrists were attending a convention. Four of them decided to leave, and walked out together.

One side to the other three, "People are always coming to us with their guilt and fears, but we have no one that we can go to when we have problems."

The others three agreed.

Then one said, "Since we are all professionals, why don't we take some time right now to hear each other out?"

The other three agreed.

The first then confessed, "I have an uncontrollable desire to kill my patients."

The second psychiatrist said, "I love expensive things and so I find ways to cheat my patients out of their money whenever I can so I can buy the things I want."

The third followed with, "I'm involved with selling drugs and often get my patients to sell them for me."

The fourth psychiatrist then confessed, "I know I'm not supposed to, but no matter how hard I try, I can't keep a secret....!!"

The restoration works on the William Keeling Crescent sea wall has been re-scheduled and will start on Monday 24th. This project is expected to be completed on that same day. While this work is in progress there will be road closed signs at Qantas Close to the northern boundary of House 9. Vehicles exiting or entering Qantas Close will need to detour along Airforce Road. There will be Traffic management signage in place.

These are just a quick summary of some of the Shire activities that may be of interest to our community. As always, community members are more than welcome to contact me at any stage to discuss the details of the above-mentioned items or any other items of interest or concern.

BERITA KERJAAN: Tempat permainan di Belakang Batu Karang kini sudah siap dan dibuka untuk dinikmati oleh semua. Pekerja Shire telah membuat kerjaan yang bagus dan kelihatan hebat.

Pembinaan telah bermula di jamban eco di Ujung Puji. Jamban ini akan diletakkan di sebelah Selatan-tua dan akan mengurangkan tekanan ke atas jamban yang ada sekarang selama musim kite/windsurfing .

Kerjaan pembagusan sea wall di William Keeling Crescent telah dimundurkan dan akan bermula pada hari Isnin 24hb. Projek ini dijangkakan untuk siap pada hari yang sama. Dimasa kerja ini dijalankan, akan ada sign jalan tertutup di Qantas Close hingga ke boundary rumah nomor 9 di sebelah Utara. Kereta yang keluar atau masuk Qantas Close akan di buat jalan lain sepanjang Airforce Road.

Sign pengurusan trafik akan diadakan.

Ini hanyalah berita yang pendek untuk beberapa aktiviti Shire yang mungkin menarik perhatian masyarakat kita. Seperti biasa, masyarakat dipersilakan untuk menghubungi saya bila-bila masa untuk membincangkan perkara-perkara yang di atas atau apa-apa perkara lain yang menarik perhatian atau kebimbangan.

**Driver licences and vehicle registration:**

Cocos Police are asking the Community to check that their vehicles are registered and licences are valid. Many vehicles have recently arrived on the ship, so residents are reminded that Interstate, (including WA registered) vehicles need to be registered through the Cocos Islands Motor Registry within three months of arriving in Cocos Islands.

Helmets:

Cocos Police have purchased bicycle helmets and residents who did not have a bicycle helmet can be provided one free of charge. Drop in and visit us and ask for a helmet. Police would like to remind the Community that adults are also required to wear their helmets on their bicycles. It also sets a good example for the children to see adults also wearing helmets.

Approved motorcycle helmets are required when riding motorcycles and mopeds. The current penalty for not wearing a helmet on a motorcycle or moped is a \$550 fine. Helmets must be fastened around the neck. Insecure helmets will provide no safety in an accident and attract the same penalty as not wearing one at all.

Impaired Driving:

Police will continue conducting random breath testing. Those found driving at more than their alcohol limit will be dealt with in the manner prescribed by the law. Minimum penalties apply. For example, if you are detected at 0.08 you will immediately lose your licence for a minimum of six months. These penalties increase to a minimum ten-month disqualification for a reading of 0.15.

In the coming months, Cocos Police will be introducing Roadside Drug Testing bringing us in line with other States and Territories. Roadside Drug Testing provides the ability to detect the use of illicit substances which can impair your ability to drive. Detectable levels of some illicit drugs can remain in your saliva for several weeks after use. Drug impaired driving has serious penalties and the minimum disqualification period is ten months.

Licensed Premises:

Patrons of licensed premises are reminded that there are limits to what behaviour is acceptable on those premises. Drunken, disorderly, quarrelsome and violent behaviour are not acceptable. Managers, bar staff and police have the authority to refuse someone entry on these grounds and to direct a person to leave on those and broader grounds. Police have the authority to issue banning notices under the Liquor Control Act for periods of up to 12 months. Remaining on licensed premises after hours and consuming alcohol is illegal.

Drugs:

We are pleased to advise the community that the detection of illicit drugs is trending downward. We hope this continues and welcome any information to reduce drug activity in our community.

Drug trace detection technology has been used on incoming passengers, freight and mail since December 2019 and the technology is now permanently operating.

VHF Marine Radios

Due to our unique location and not having a mobile network, VHF Marine Radios are used by most people in the community. VHF Marine Radios are not toys and they should only be used for genuine reasons. VHF channel 20 is the only repeated channel in our area and is relied upon in emergencies. Police urge all radio users to become familiar with their operation.

Conclusion:

Cocos Police are happy to discuss the contents of this article or any other topic. Feel free to call us or drop by at the Police Station.

The West Island Police Station is staffed during weekdays and at least two officers are always on call for emergency situations. Home Island Police Station is regularly staffed on weekdays.

Out of hours the Police Station number of 91626600 diverts to the on-call officer. Alternatively, Police can be contacted anytime on VHF channel 20.

Lesen kereta dan registresen kereta:

Polis Cocos meminta masyarakat untuk periksa bahawa kereta anda di rejista dan lesen anda tidak mati. Banyak kereta baru-baru ini datang di kapal laot, jadi penduduk diingatkan bahawa kereta Interstate, (termasuk kereta dari WA) perlu direjista melalui Cocos Islands Motor Registry dalam tempoh tiga bulan selepas tiba di Cocos Islands.

Helmets:

Polis Cocos telah membeli helmet basikal dan penduduk yang tidak mempunyai helmet basikal boleh dikasi secara percuma. Datang di opis kami dan mintak helmet. Polis ingin mengingatkan masyarakat bahawa orang dewasa juga perlu memakai helmet mereka. Ia memberikan contoh yang baik untuk anak-anak melihat orang dewasa juga memakai helmet.

Helmet motosikal yang disahkan diperlukan apabila membawak motosikal dan mopeds. Penalti semasa tidak memakai helmet bila naik motosikal atau moped adalah denda \$550. Helmet mesti dipasang di leher. Helmet yang tidak dipakai dengan sesuai tidak akan memberi keselamatan dalam kemalangan dan menarik penalti yang sama kalok tidak pakek helmet.

Impaired driving (Gangguan bawak kereta):

Polis akan terus menjalankan pemeriksaan penafasan. Siapa yang didapati memandu lebih daripada batas alkohol mereka akan diuruskan mengikut cara yang ditetapkan oleh undang-undang. Penalti yang rendah akan di kasi. Contohnya, jika anda dikesan pada 0.08, anda akan kehilangan lesen anda sekurang-kurangnya enam bulan. Penalti-penalti ini meningkat kepada kehilangan lesen selama sepuluh bulan untuk batas alkohol sebanyak 0.15.

Pada bulan-bulan akan datang, Polis Cocos akan memperkenalkan Roadside Drug Testing membawa kami sama dengan Negeri dan Territory lain. Roadside Drug Testing menyediakan keupayaan untuk mengesan penggunaan obat haram yang boleh mengganggu kebolehan anda memandu. Tahap pengesanan untuk obat-obatan terlarang boleh tinggal dalam air liur anda selama beberapa minggu selepas digunakan. Pemandu yang terganggu oleh drug mempunyai penalti yang serius dan masa hilang lesen yang paling rendah adalah sepuluh bulan.

Tempat yang berlesen:

Para peniaga untuk tempat yang berlesen diingatkan bahawa ada batasan untuk kelakuan yang boleh diterima di tempat tersebut. Kelakuan mabuk, tidak senonoh, bertengkar dan kasar tidak boleh diterima. Manager, pekerja bar dan polis mempunyai kuasa untuk menolak orang masuk atas alasan ini dan suruh orang untuk meninggalkan tempat dan atas alasan yang lagi luas. Polis mempunyai kuasa untuk kasi notis di bawah Liquor Control Act untuk sehingga 12 bulan. Berada di tempat berlesen habis jam kerja dan meminum alkohol adalah melanggar undang-undang.

Drugs:

Dengan senang hati kami ingin kasitau masyarakat bahawa pengesanan drug sudah mengurang. Kami berharap ini akan berterusan dan terima informasi untuk mengurangkan aktiviti drug di masyarakat kita.

Mesin untuk mencari drug telah digunakan untuk passenger yang datang, freight dan mail sejak December 2019 dan mesin ini sekarang digunakan selamanya.

VHF Marine Radios:

Disebabkan lokasi kita yang unik dan tidak ada network mobile, VHF Marine Radio digunakan oleh banyak orang di masyarakat. VHF Marine Radio bukan kemainan dan hanya harus digunakan untuk sebab-sebab yang betul. VHF channel 20 adalah satu-satunya channel dalam daerah kami dan diperlukan untuk emergensi. Polis mengharapkan supaya semua pengguna radio terbiasa dengan gunanya.

Kesimpulan:

Polis Cocos dengan senang hati untuk membincangkan isi kandungan artikel ini atau topik yang lain-lain. Sila hubungi kami atau datang di Polis Stesen.

Stesen Polis Pulu Panjang ada pekerjaanya dimasa hari kerjaan dan dua opisa selalu on call. Stesen Polis Home Island kadang-kadang ada orang kerjaanya..

Di masa luar kerjaan nomor Stesen Polis yang 91626600 disambungkan kepada opisa yang on call. Atau, Polis boleh dihubungi bila-bila masa di VHF channel 20.

BREAKING NEWS

1 Cocos (Keeling) Islands Runway Project

As previously advised Fulton Hogan and Downer had both submitted tenders for the Cocos (Keeling) Islands Runway Project. The Australian Government has announced that Fulton Hogan have need selected for the Cocos Runway Project.

Fulton Hogan in 2012/2013 had completed the Cocos (Keeling) Island Runway Resurfacing Project and have worked closely with the Cooperative in the past. The Cooperative have an MOU with Fulton Hogan which covers stevedoring, accommodation, catering, contract labour, plant operations and logistics for the Cocos (Keeling) Islands Runway Project. The Cooperative has negotiated its MOU for all of the above services with no financial assistance from the Australian Government.

Following the visit of Fulton Hogan to the Cocos (Keeling) Islands the Cooperative will begin the planning as to what workers it can supply for the project. One new avenue being explored is the creation of a logistics cell by the Cooperative to provide this service to Fulton Hogan, rather than using Mainland based workers for such functions. Training opportunities will also be explored.

The General Manager of the Cooperative has been working on the Cocos (Keeling) Islands Runway Project since May 2016, and this will be the largest project that the Cooperative will have been involved with.

There will evaluation work and design work to be undertaken before the actual construction work begins.

The Cooperative has been informed that the Department of Defence, the Project Manager, and Fulton Hogan will visit the Cocos (Keeling) Islands in early 2020.

This has been a long haul for the Cooperative over the last few years in preparing for this contract with heavy investments in training, asset purchasing, new computer systems, workplace health and safety, and the planning for what will follow the completion of the Cocos (Keeling) Islands Runway Project, that is Gateway to Asia. This will now pay off in the years to come.

2 Contracts Awarded

CareyMc has awarded the Cooperative the following contracts:

Refurbish Student & Staff Toilet - WI and HI Campuses, Cocos (Keeling) Islands District High School
Corrosion Treatment for WI Campus, Cocos (Keeling) Islands District High School

JLL has awarded the Cooperative the following contract:

Tree Pruning WI Campus, Cocos (Keeling) Islands District High School.

3 Contract Completed

The Cooperative has recently completed a shelter on North Keeling for Parks Australia. This project took an enormous amount of planning and not only involved Cooperative staff, but also staff from Parks Australia and CKI Port. At various stages Minti Sedaya, Ikan Layar and the R J Hawke were used as part of the project. This was the most remote project that the Cooperative has worked on and congratulations to all the Cooperative employees involved.

North Keeling Shelter constructed by the Cooperative.

Muslim Friendly Tourism

The popular Muslim web site, Muslim pro, has now included the following on its web site:

Muslim Friendly Tourism Destinations
 Theme of the Month – “Halal Travel”
 Muslim Hotels of the World
 Finding Halal Food

The Cooperative with its Gateway to Asia project will be marketing through the above.

GROUND HANDLING NEWS

CobHam

The Cooperative provided ground handling services Cobham in February 2020 which was involved in crew change and resupply for the ADV Ocean Protector.

SHIPPING NEWS

MV Borkum

MV Borkum arrived at Cocos (Keeling) Islands December 20, 2019 with a heavy container load of 21 containers plus break bulk. The unloading of the ship was completed in just over 1 day. Cargo included two prime movers and one trailer for Viva.

ADV Cape Fourcroy

The Cooperative carried out bunkering operations for the ADV Fourcroy. The Cooperative routinely carries out such operations in conjunction with Viva.

VISITORS

Visit by DR Lay Beng Goh

Dr Goh, the Director, School of Applied Science, Temasek Polytechnic, Singapore, and Herve Calmy, visited the Cocos (Keeling) Islands in December 2019, and had several discussions with the Cooperative's General Manager. Dr Goh had a particular interest in the Cooperative's aquaponics and aquaculture projects, as Singapore imports the majority of its food, as is constantly looking for food suppliers that can meet its food security requirements. Singapore is looking for alternative sources of food as part of its overall food security, and Gateway to Asia, provides such a future source.

90% of the US\$1.15 billion annual seafood for Singapore is imported, from as far away as Norway and the USA. Dr Goh was of the opinion that aquaculture on the Cocos (Keeling) Islands, with its pristine conditions, could become a supplier to the Singapore market.

The Cooperative will be developing this link with Singapore.

Dr Goh stated that for aquaculture projects in Singapore, seawater had to be bought, where as on the Cocos (Keeling) Islands it was free.

Apollo Aquaculture Group (AAG) in Singapore is building an eight-story RAS in the city-state in order to produce grouper and shrimp.

KONGSI CONNECT

Kongsi Connect adalah projek Kongsi yang bertujuan untuk memberi keterangan kepada masyarakat tentang apa yang sedang berlaku di dunia Kongsi.

2019 adalah tahun yang mencabar bagi Kongsi. Walau bagaimanapun, 2020, 2021 dan 2022 akan menjadi tahun yang menarik dan produktif untuk Kongsi.

Kongsi mengucapkan selamat Tahun Baru yang bahagia untuk tahun 2020.

BERITA BARU

1. Cocos (Keeling) Islands Projek Runway

Seperti yang di nasihatkan Fulton Hogan dan Downer telah masukan tender untuk Projek Runway Cocos (Keeling) Islands. Kerajaan Australia telah mengumumkan bahawa Fulton Hogan telah dipilih untuk Projek Runway Cocos.

Pada tahun 2012/2013 Fulton Hogan membuat Projek Pelapisan Runway Cocos (Keeling) Islands dan telah bekerjasama dengan Kongsi pada masa lalu. Kongsi mempunyai MOU dengan Fulton Hogan yang termasuk stevedoring, tempat tinggal, catering, kontrakan kerja, operasi mesin dan logistik untuk Projek Runway Cocos (Keeling) Islands. Kongsi telah merundingkan MOU untuk semua servis di atas tanpa bantuan kewangan daripada Kerajaan Australia.

Berikut lawatan Fulton Hogan ke Cocos (Keeling) Islands, Kongsi akan memulakan perancangan pekerja mana dapat menyediakan projek itu. Salah satu saluran baru yang diselidik ialah penciptaan sel logistik oleh Kongsi untuk menyediakan servis ini kepada Fulton Hogan, daripada menggunakan pekerja dari tanah besar untuk fungsi tersebut. Peluang training juga akan diselidik.

General Manager Kongsi telah mengusahakan Projek Runway Cocos (Keeling) Islands sejak May 2016, dan ini akan menjadi projek terbesar yang Kongsi terlibat.

Ada penilaian kerja dan design yang akan dijalankan sebelum kerja pembinaan bermula. Kongsi telah dikaitkan bahawa Department of Defence, Projek Manager, dan Fulton Hogan akan melawat Cocos (Keeling) Islands pada awal tahun 2020.

Ini telah lama dibawa ke Kongsi sejak beberapa tahun yang lalu untuk menyediakan kontrakan ini dengan invensi dalam training, pembelian aset, sistem komputer baru, kesihatan dan keselamatan tempat kerja, dan perancangan untuk apa yang akan diikuti dengan penyelesaian Projek Runway Cocos (Keeling) Islands, iaitu Gateway to Asia. Ini akan terbayar di masa yang akan datang.

2. Kontrakan yang dikasi

CareyMc telah memberikan Kongsi kontrakan yang berikut:

*Membarukan Jamban Anak Sekolah dan Jamban Guru - WI dan HI Campuses, Cocos (Keeling) Islands District High School
Perbaiki kerosakan untuk WI Campus, Cocos (Keeling) Islands District High School*

JLL telah kasi Kongsi kontrakan yang berikut:

Memancas pokok WI Campus, Cocos (Keeling) Islands District High School.

3. Kontrakan yang sudah siap

Baru-baru ini Kongsi telah menyelesaikan perlindungan di North Keeling untuk Parks Australia. Projek ini mengambil banyak perancangan dan bukan sahaja melibatkan pekerja Kongsi, tetapi pekerja Parks Australia dan CKI Port jugak. Di dalam beberapa masa Minti Sedaya, Ikan Layar dan R J Hawke digunakan untuk projek ini. Ini adalah projek yang paleng jauh yang Kongsi telah kerjakan dan tahniah kepada semua pekerja Kongsi yang terlibat.

Kongsi mengerjakan operasi bunkering untuk ADV Fourcroy. Kongsi biasanya mengerjakan pekerjaan ini bersamaan dengan Viva.

**PELAWAT****Lawatan oleh DR Lay Beng Goh**

Dr Goh, Pengarah, Scholl of Applied Science, Temasek Polytechnic, Singapore, dan Herve Calmy, melawat Pulu Cocos pada December 2019, dan mengadakan beberapa perbincangan dengan General Manager Kongsi. Dr Goh mempunyai minat khusus dalam projek aquaponics dan aquaculture Kongsi, memandangkan Singapore mengimport sebahagian besar makanannya, kerana sentiasa mencari pembekal makanan yang dapat memenuhi keperluan keselamatan makanannya. Singapore mencari alternatif sumber makanan sebagai sebahagian daripada keselamatan makanan keseluruhannya, dan Gateway to Asia, menyediakan sumber masa depan seperti itu.

90% daripada makanan laut tahunan US \$1.15 bilion untuk Singapore diimport, dari sejauh Norway dan America Syarikat. Dr Goh berpendapat bahawa aquaculture di Cocos (Keeling) Islands, dengan keadaan murni, boleh menjadi pembekal ke pasaran Singapore. Kongsi akan membangunkan hubungan ini dengan Singapore.

Dr Goh menyatakan bahawa untuk projek aquaculture di Singapore, air laut perlu dibeli, di mana Cocos (Keeling) Islands ia percuma.

“LAWA's IOTs Service is fully funded by the Australian Government”**Changing a child's name I**

These are short articles about legal issues that may interest [you](#). They are not legal advice. You should always get individual legal advice for your situation.

This article and the next article are about changing a child's name. A child is someone under 18 years of age.

Sometimes one parent only wants to change a child's name from the name on the birth certificate. Often it might be the mother wanting to change the child's surname from the father's surname to her maiden name, when she has separated from the father and is using her maiden name herself.

Sometimes both parents might want to change a child's name.

Or sometimes one parent wants to stop the other parent from informally using a different name (most often a surname) for the child to that on the birth certificate. An example might be, where the parents have divorced, stopping the mother from enrolling the child at school using a different surname to that on the birth certificate. She might for example, want to use her maiden name for the child, which she is now using for herself.

What is the agency that makes the change to a child's name?

The government agency that actually makes any changes to a child's name is called the Registry of Births Deaths and Marriages, which is part of the West Australian Department of Justice.

The Registry of Births Deaths and Marriages website form states the child must either:

- be registered and/or born in the state (WA) or
- if born overseas, be a permanent resident or an Australian citizen, and have been living in the state for 12 months

for the Registrar to have jurisdiction (be allowed) to change the child's name. If the child was born in another state, the West Australian Registry cannot effect a change of name.

Who can apply to change a child's name?

An application by both parents can be made to the Registrar to change a child's name. There is a fee to be paid and a form to be completed, with supporting documents.

An application can be made by one parent if the other parent is dead. A death certificate will be necessary to evidence that the other parent has died.

An application can also be made by one parent if that parent is the only parent on the birth certificate.

An application can also be made by one parent if that parent has an order of a Family Court declaring that it is in the child's best interests that the name be changed (see below). The Registrar must change the child's name if there is a Court order.

An application can be made by a guardian appointed under an order of the Family Court to change a child's name, but the Court would require the agreement of both parents, unless they are both dead.

Once a child turns 12 years, the child has to agree to any application to change his/her name, unless the child cannot understand the meaning and implications of the change. The child must sign the application to change their name.

Can the Registrar refuse to change a child's name?

Yes, in certain circumstances, but not where the Family Court has declared it is in the child's best interests to change their name. Those circumstances include where the proposed name is obscene, too long, contains symbols, is being done for fraudulent purposes or would be against public policy. There are other circumstances.

Examples might be proposed surname of Killallchristians, or a first name of D***head. Both of those may well be refused by the Registrar.

Note also that a change of name cannot occur more frequently than once every 12 months, unless there are exceptional circumstances.

What happens to a birth certificate if a name is changed?

Any new name is noted on birth certificates at the bottom, issued after the change of name. The original name stays on the birth certificate.

When is it necessary to make an application to the Family Court to change a child's name?

This happens usually in three situations:

- one parent will not agree with the other parent to changing a child's name and so the second parent applies for a Court order to allow it to happen or
- one parent wants to stop the other parent from informally using another name for the child or
- a child wants to change their name and the parents will not agree.

If the Family Court decides it is in the child's best interests to change the child's name, it makes a declaration to that effect. The Registrar of Births Deaths and Marriages then must change the child's name if an application is made to the Registrar.

In the next article we will look at how changing a child's name is regarded under the Family Law Act and what are the considerations that the Court applies in deciding whether or not it is in the child's best interests to have their name changed.

"Serbis LAWA's IOTs dibiayai sepenuhnya oleh Kerajaan Australia"**Menukar nama anak I**

Ini adalah berita ringkas mengenai isu undang-undang yang mungkin menarik minat [anda](#). Ini bukan nasihat undang-undang. Anda harus selalu mendapatkan nasihat undang-undang sendiri mengikut keadaan anda.

Surat berita ini dan surat berita seterusnya adalah tentang menukar nama anak. Anak-anak adalah seseorang yang berumur di bawah 18 tahun.

Kadang-kadang hanya satu orang tua yang ingin menukar nama anaknya dari nama yang di certificate hari lahir. Selalunya mungkin ibu yang ingin menukar nama keluarga anaknya dari nama keluarga bapaknya, ketika dia berpisah dari bapaknya dan menggunakan namanya sendiri.

Kadang-kadang kedua - dua orang tua mungkin mau tukar nama anak.

Atau kadang-kadang ibu atau bapaknya saling menghentikan satu sama lain secara tidak rasmi menggunakan nama yang berbeza (biasanya nama keluarga) untuk anak itu pada certificate hari lahir. Contohnya, jika ibu bapa telah bercerai, menghentikan ibu dari mendaftarkan anak itu sekolah menggunakan nama keluarga yang berbeza dengan certificate hari lahir. Misalnya dia mungkin mau gunakan nama bujangnya untuk anaknya, yang dia gunakan sekarang untuk dirinya sendiri.

Apakah agensi yang membuat perubahan kepada nama anak-anak?

Agensi government yang benar-benar membuat perubahan pada nama anak ialah Registry of Births Deaths and Marriages, yang merupakan dari bagian West Australian Department of Justice.

Website Registry of Births Deaths and Marriages menyatakan anak itu mesti sama ada:

- didaftarkan dan/atau dilahirkan di negeri (WA) atau
- jika dilahirkan di luar negara, menjadi penduduk tetap atau warganegara Australia, dan telah tinggal di negeri ini selama 12 bulan bagi Pendaftar untuk mempunyai bidang kuasa (dibenarkan) untuk menukar nama anak itu. Jika anak itu dilahirkan di negeri lain, West Australian Registry tidak dapat buat perubahan nama.

Siapa yang boleh memohon untuk menukar nama anak?

Pemohonan oleh kedua ibu bapa boleh dibuat kepada Pendaftar untuk menukar nama anak. Ada bayaran yang perlu dibayar dan form yang kenak diisi, dengan dokumen sokongan.

Pemohonan boleh dibuat oleh satu orang tua jika orang tua yang satunya sudah meninggal. Certificate kematian akan diperlukan untuk buktikan bahawa orang tua yang satu sudah meninggal dunia.

Pemohonan juga boleh dibuat oleh satu orang tua jika itu adalah satu-satunya orang tua yang di certificate lahir.

Pemohonan juga boleh dibuat oleh satu orang tua jika orang tua itu mempunyai perintah Mahkamah Keluarga memutuskan bahawa ia adalah kepentingan anak yang akan ditukar namanya (lihat di bawah). Pendaftar mesti menukar nama anak itu jika ada perintah Mahkamah.

Pemohonan boleh dibuat oleh seorang penjaga yang dilantik di bawah perintah Mahkamah Keluarga untuk menukar nama anak, tetapi Mahkamah akan perlukan perjanjian kedua-dua ibu bapa, melainkan mereka berdua sudah meninggal.

Bila anak-anak berumur 12 tahun, anak itu harus bersetuju dengan apa-apa permohonan untuk menukar namanya, melainkan jika anak itu tidak dapat memahami makna dan implikasi perubahan itu. Anak itu mesti menandatangani permohonan untuk menukar nama mereka.

Bolehkah Pendaftar menolak mengubah nama anak?

Ya, dalam keadaan tertentu, tetapi tidak di mana Mahkamah Keluarga telah memutuskan untuk kepentingan terbaik anak itu untuk menukar nama mereka. Keadaan tersebut termasuk di mana nama yang dicadangkan itu carut, terlalu panjang, mengandungi simbol, sedang dilakukan untuk tujuan penipuan atau akan menentang undang-undang publik. Ada jugak keadaan lain.

Contoh mungkin dicadangkan nama keluarga Killallchristians, atau nama pertama kepala D ***. Kedua-duanya boleh ditolak oleh Pendaftar.

Perhatikan juga bahawa pertukaran nama tidak boleh berlaku selalu daripada sekali setiap 12 bulan, kecuali terdapat keadaan luar biasa.

Apa yang berlaku kepada certificate lahir jika nama ditukar?

Sebarang nama baru dicatatkan pada certificate kelahiran di bahagian bawah, yang dikeluarkan selepas pertukaran nama. Nama asal tinggal di certificate lahir.

Bilakah perlu membuat permohonan ke Mahkamah Keluarga untuk menukar nama anak?

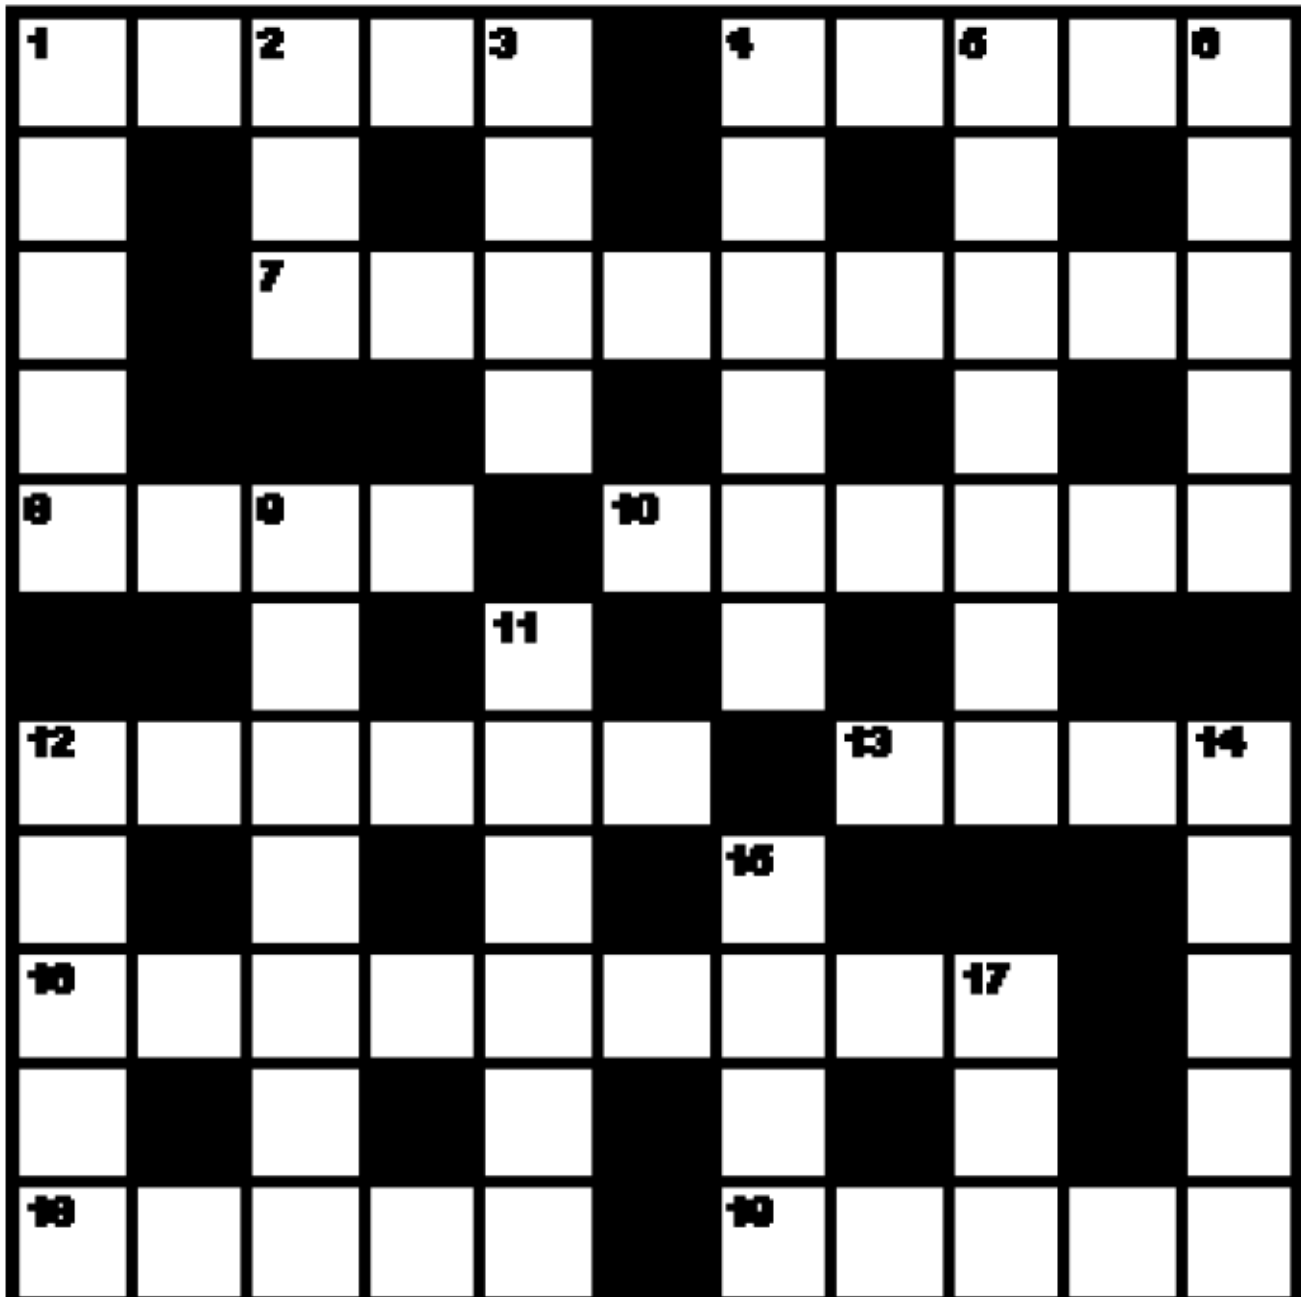

Ini biasanya berlaku dalam tiga keadaan:

- salah satu orang tua tidak akan bersetuju dengan orang tua yang lain untuk menukar nama anak dan maka kedua orang tua itu memohon perintah Mahkamah untuk membenarkannya berlaku atau
- salah satu orang tua mahu menghentikan orang tua yang lain dari secara tidak rasmi menggunakan nama lain untuk anak-anak atau
- seorang anak mahu menukar nama mereka dan ibu bapa tidak bersetuju.

Jika Mahkamah Keluarga memutuskan bahawa ia adalah untuk kepentingan anak itu untuk menukar namanya, ia akan membuat keputusan untuk itu. Registrar of Births Deaths and Marriages kemudian harus menukar nama anak itu jika permohonan dibuat kepada Pendaftar.

Dalam berita seterusnya kita akan melihat bagaimana menukar nama anak dianggap di bawah Family Law Act dan apakah pertimbangan yang dikenakan oleh Mahkamah dalam menentukan sama ada atau tidak untuk kepentingan anak itu untuk menukar nama mereka atau tidak.
