Local Government Elections

Local Government elections are over for another two years. I want to thank all voters that turned out to have their say in this year's election. This year the elections were conducted by the WA Electoral commission with assistance from four locally employed election officers and our amazing Shire staff. All staff did an amazing job assisting the Returning Officer in the lead up and on the day.

At the Special Council Meeting held on Wednesday 20 October all newly elected Councillors were sworn in and the Shire's President and Deputy President were elected by Council. I would like to take this opportunity to congratulate the newly elected Councillors, Cr Ayesha Young, Cr Helen Liu and returning for another four year term, Cr Aindil Minkom and Cr Tony Lacy. They join Cr Hamiril, Cr Ibram and Cr Iku as your elected Council. Council elected Cr Aindil Minkom as Shire President and Cr Seri Iku as Shire Deputy President, reflecting the leadership that they both have shown during their previous term in these roles.

On behalf of the whole community and Shire Administration I would also like to thank outgoing Councillors, Shane Charlston and Noor Anthony for their unwavering commitment during their time on Council.

I would like to thank Haji Adams for his assistance in swearing in and wishing the Councillors well.

Jokes of the Week

A magician was working on a cruise ship. The audience was different each week so he did same tricks over and over. The problem was, the captain's parrot saw all the shows and began to understand how the magician did every trick. He started shouting in the middle of the show: 'Look, it's not the same hat. Look, he's hiding the flowers under the table. Hey, why are all the cards the ace of spades?' The magician was furious but, as it was the captain's parrot, he could do nothing. Then one day the ship sank and the magician found himself floating on a piece of wood with the parrot. They glared at each other but said nothing. Finally, after a week, the parrot said: 'OK, I give up. Where's the boat?'

An engineer was removing the engine parts from a motorcycle when he saw a famous heart surgeon in his shop. He went to him and said, "Look at this engine... I opened its heart, took the valves out, repaired them and put them back, so why do I get such a small salary and you get huge sums?" The doctor smiled at the engineer and came close to his ear and said, "Try the same when the engine is running." The engineer smiled back came close to doctors ear and said, "I can take any dead engine and make it alive again, can you?"

58 Plants Project

The Shire of Cocos, Cocos Islands District High School and Parks Australia partnered last year to form the 58 Plants Project. There are several stages to the project which aims to revegetate "off-park" areas once cleared for coconut plantation with native vegetation, including seedling stock like *Pisonia grandis*, now only found in Pulu Keeling National Park.

The early stages involved seed collection and plantings for the Shire nursery and the school students learning about the botany and traditional uses of the plants. Last month, over 60 *Pisonia grandis* and *Calophyllum inophyllum* reared in the Shire nursery were planted out by Shire staff, Parks and school staff and the Year 7-10 Sailfish school students. This is the first of several revegetation reserves and is a great step towards establishing future nesting sites for several species of seabirds.

Take the opportunity to view the new plantings and the old growth *Calophyllum* (Nyamplong) trees on the trail opposite the Trannies turn off on West Island.

Shire of Cocos, Cocos Islands District High School dan Parks Australia bekerjasama tahun lalu untuk membentuk Projek 58 Tanaman. Terdapat beberapa tahap untuk projek ini yang bertujuan untuk mewujudkan kawasan "off-park" yang pernah dibuka untuk tanaman kelapa dengan pokok-pokok asli, termasuk bibit seperti Pokok Ampol, yang kini hanya terdapat di Pulu Keeling National Park.

Peringkat awal melibatkan pengumpulan dan penanaman biji untuk nursery di Shire dan pelajar sekolah belajar tentang penggunaan botani dan penggunaan tanaman secara tradisional. Bulan lalu, lebih daripada 60 Pokok Ampol dan Pokok Nyamplong ditanam oleh pekerja Shire, Parks dan guru sekolah dan murid sekolah Kelas Sailfish 7-10. Ini adalah yang pertama dari beberapa cadangan penanaman semula dan merupakan langkah terbaik untuk menumbuhkan tempat tarangan di masa depan untuk beberapa jenis burung.

Ambil kesempatan untuk melihat penanaman baru dan Pokok Nyamplong yang sudah lama di jalan sebelah Batu Karang di Pulu Panjang.

What do cat laws mean for you and your feline friend?

All domestic cats in Cocos (Keeling) Islands over six months of age, must be sterilised, microchipped, and registered with the Shire of Cocos (Keeling) Islands in accordance with the *Cat Act 2011 (WA) (CKI)*.

What does this mean for you and your feline friend?

All cats that have reached six months of age are required to be:

- Microchipped;
- Sterilised; and
- Registered with the Shire.

Your cat will be required to wear a collar and registration tag to ensure then can be easily identified and returned to you if they become lost.

My cat is very old – do you still need to have it sterilised?

Yes, legislation applies to cats of all ages.

However, your vet can issue an exemption certificate if sterilising your cat is likely to have a negative impact on your cat's health and welfare.

How does this affect cat breeders?

The legislation requires that a person who chooses to breed cats must apply to their local government for a permit.

When a cat is sold or given away, the seller must ensure the cat is microchipped and sterilised prior to transfer.

If the cat cannot be sterilised due to its health or age, the seller must issue a prepaid sterilisation voucher to the new owner.

Where can I get more information?

For more information, please contact info@cocos.wa.gov.au.

What is purpose of the *Cat Act 2011 (WA) (CKI)*?

Cat laws are about encouraging responsible pet ownership and reducing the number of unwanted cats in the community and the number that are euthanised each year.

The full *Cat Act 2011* took from 1 November 2013 and requires all cats that have reached six months of age to be:

- Microchipped;
- Sterilised; and
- Registered with the relevant local government.

Need to desex your cat?

Do you have a pregnant cat or an accidental litter of kittens?

"LAWA's IOTs Service is fully funded by the Australian Government"**Demerit points on your licence I**

These are short articles about legal issues that may interest you. They are not legal advice. You should always get individual legal advice for your situation.

This and the next article will be about demerit points on your driver's licence.

What are demerit points?

Demerit points are penalties applied against your unrestricted (full) driver's licence, provisional licence (when you are on "P" plates) or learner's permit for a range of traffic and driving offences. Not all traffic/driving offences incur demerit points.

Demerit points are applied as a result of many traffic/driving offences for which you can be issued an infringement notice, and also for some offences for which you are prosecuted and convicted in court.

You can get between one and seven demerit points for an offence, depending on the offence. However, demerit points are doubled on public holidays, or during public holiday periods, such as long weekends and Easter. We will talk about this in the second article.

Usually, a demerit point lasts for 3 years from the date of the offence unless your demerit point tally is reset to zero (see below).

How many demerit points am I permitted? What happens if I exceed the permitted number?

It depends on your type of licence. And if you have a provisional licence, it also depends on how long you have held that licence.

If you hold a learner's permit or you have had your provisional licence for a year or less and you accumulate 4 or more demerit points, you will be disqualified from holding a learner's permit or provisional licence for a period of 3 months. If you hold a learner's permit it will be suspended. If you hold a provisional licence it will be cancelled **and you will need to make an application for the reissue of a driver's licence when your disqualification period has ended.**

If you have had your provisional licence for more than a year but less than 2 years and you accumulate 8 or more demerit points, you will be disqualified from holding a provisional licence for a period of 3 months. Your provisional licence will be cancelled, **and you will need to make an application for the reissue of a driver's licence when your disqualification period has ended.**

If you hold an unrestricted licence (a "full licence") and you accumulate 12 or more demerit points you will be disqualified from holding a licence for at least 3 months and up to 5 months. How long you are disqualified depends on the number of points by which you exceeded the allowed amount.

What is the process for disqualification for excess demerit points?

If you have accumulated more demerit points than allowed for your learner's permit or provisional licence or full licence, an Excessive Demerit Points Notice (EDPN) will be issued. The EDPN will be personally served on you, or served by way of mail where you have to acknowledge receipt in writing, such as by registered mail.

Your period of disqualification starts 28 days after you have been served with the notice.

Once your period of disqualification has ended, your demerit point tally will be reset to zero. You can start driving again:

- If you have an unrestricted licence provided it is still current and there are no other periods of disqualification you must serve.
- If you are a provisional licence holder once you have applied for the reissue of your cancelled licence and there are no other periods of disqualification you must serve.
- If you have a learner's permit provided it is still current and there are no other periods of disqualification you must serve.

You cannot apply for an Extraordinary Drivers Licence whilst you are under a demerit point disqualification.

Good Behaviour Period ("double or nothing") for unrestricted licence holders

If you are a full licence holder and you exceed your allowed demerit points, you can elect (choose) to keep your licence by agreeing to the Good Behaviour Period. This is often called the "double or nothing" scheme.

Under the scheme you keep your licence by agreeing to a period of good behaviour for 12 months. During this time you must not:

- get more than one demerit point or
- commit an offence which results in your licence being disqualified.

If you break these conditions you will then serve a disqualification period that is double what you were originally due to serve under the EDPN (plus any other disqualification period imposed by a court or under fines enforcement legislation for unpaid fines).

If you successfully complete the period of good behaviour you do not have to serve the disqualification period on the EDPN and your demerit points are reset to zero at the end of the 12 months.

To elect the Good Behaviour Period you must:

- be personally served with an EDPN
- complete and submit the election form within 21 days of being served with the EDPN. Note that a late election form cannot be accepted.

The good behaviour period starts 28 days after you are personally served with the EDPN unless it is postponed. It will be postponed if you have to serve another licence disqualification imposed during the 28 days for eg by a court or under fines enforcement legislation.

In the next article we will talk about demerit points being doubled during holiday periods, getting demerit points in another jurisdiction and give examples of traffic/driving offences that incur demerit points.

Demerit points pada lesen kereta anda I

Ini adalah artikel pendek mengenai perkara undang-undang yang mungkin menarik untuk anda. Ini bukan nasihat undang-undang. Anda mesti selalu mendapatkan nasihat undang-undang sendiri untuk keadaan anda. Artikel ini dan seterusnya akan membincangkan tentang demerit points pada lesen memandu anda.

Apa itu demerit points?

Demerit points adalah hukuman yang dikenakan kepada lesen memandu anda (penoh), lesen provisional (semasa anda di "P" plat) atau learner's permit untuk berbagai pelanggaran di jalan dan memandu. Tidak semua pelanggaran di jalan/memandu menimbulkan demerit points.

Demerit points dikenakan kerana banyak kesalahan di jalan/memandu yang mana anda boleh dikasi notis pelanggaran, dan jugak untuk beberapa kesalahan yang dituntut dan dihukum di pengadilan.

Anda boleh mendapat antara satu hingga tujuh demerit points untuk pelanggaran, tergantung kepada pelanggarannya. Walau bagaimanapun, demerit points digandakan pada hari-hari cuti umum, atau semasa tempoh cuti umum, seperti hari libur panjang dan Easter. Kami akan membincangkan perkara ini dalam artikel kedua.

Biasanya, demerit points berlangsung selama 3 tahun dari tanggal pelanggaran kecuali penghitungan demerit point anda direset kekosong (lihat di bawa).

Berapa banyak demerit points yang diizinkan? Apa yang terjadi jika anda melebihi jumlah yang diizinkan?

Itu tergantung pada jenis lesen anda. Dan jika anda mempunyai lesen provisional, itu jugak tergantung pada berapa lama anda memegang lesen itu.

*Sekiranya anda memegang learner's permit atau memegang lesen provisional selama 1 tahun atau kurang dan anda mengumpulkan 4 demerit points atau lebih, anda akan didiskualifikasi dari memegang learner's permit atau lesen provisional selama 3 bulan. Jika anda memegang learner's permit itu akan ditangguhkan. Jika anda memegang lesen provisional itu akan dicancel **dan anda perlu membuat permohonan untuk buat lesen anda semula apabila masa diskualifikasi anda berakhir.***

*Sekiranya anda telah memiliki lesen provisional selama lebih dari satu tahun tetapi kurang dari 2 tahun dan anda mengumpulkan 8 demerit points atau lebih, anda akan didiskualifikasi dari memegang lesen provisional untuk selama 3 bulan. Lesen provisional anda akan dicancel, **dan anda perlu membuat permohonan untuk buat lesen anda semula apabila masa diskualifikasi anda berakhir.***

Sekiranya anda memiliki lesen penuh dan anda mengumpulkan 12 demerit points atau lebih, anda akan hilang lesen anda sekurang-kurangnya 3 bulan dan hingga 5 bulan. Berapa lama anda dikualifikasi bergantung kepada poin yang anda melebihi jumlah yang diizinkan.

Apakah proses diskualifikasi untuk kelebihan demerit points?

Sekiranya anda mengumpulkan lebih banyak demerit points daripada yang dibenarkan untuk learner's permit anda atau lesen provisional atau lesen penuh, Excessive Demerit Points Notice (EDPN) akan dikeluarkan. EDPN akan diberikan kepada anda secara peribadi, atau diserahkan melalui surat di mana anda harus menunjukkan penerimaan secara bertulis, seperti melalui surat berdaftar.

Tempoh diskualifikasi anda bermula 28 hari selepas anda diserahkan dengan notis tersebut.

Setelah tempoh diskualifikasi anda berakhir, jumlah demerit point anda akan diset semula menjadi kosong. Anda boleh mula membawak kereta lagi:

- Sekiranya anda mempunyai lesen tidak terbatas asalkan masih ada dan tidak ada tempoh diskualifikasi lain yang harus anda jalani.
- Sekiranya anda adalah pemegang lesen provisional setelah anda bemoohon untuk buat semula lesen yang dibatalkan dan tidak ada tempoh diskualifikasi lain yang harus anda jalani.
- Sekiranya anda mempunyai learner's permit yang masih hidup dan tidak ada tempoh diskualifikasi lain yang anda harus jalani.

Anda tidak boleh memohon Driver Lesen Extraordinary semasa anda berada di bawah diskualifikasi demerit point.

Tempoh Tingkah Laku yang Baik ("berganda atau tidak") untuk pemegang lesen tidak terbatas

Jika anda adalah pemegang lesen penuh dan anda melebihi demerit point yang diizinkan, anda boleh memilih untuk mempertahankan lesen anda dengan menyetujui Tempoh Tingkah Laku yang Baik. Ini sering disebut "double or nothing" scheme.

Di bawah skim ini, anda taan lesen anda dengan menyetujui tempoh tingkah laku yang baik selama 12 bulan. Selama waktu ini anda tidak boleh:

- dapatkan lebih dari satu demerit point atau
- melakukan pelanggaran yang mengakibatkan lesen anda didiskualifikasi.

Sekiranya anda melanggar syarat-syarat ini, anda akan menjalani tempoh diskualifikasi yang dua kali lipat dari yang anda mulakan semasa menjalani EDPN (ditambah dengan tempoh diskualifikasi lain yang dikenakan oleh mahkamah atau di bawah undang-undang denda untuk denda yang belum dibayar).

Sekiranya anda berjaya menyelesaikan tempoh tingkah laku yang baik anda tidak perlu menjalani tempoh diskualifikasi di EDPN dan demerit point anda dibalekan kosong semula pada akhir 12 bulan.

Untuk memilih Tempoh Tingkah Laku yang Baik anda mesti:

- dilayan secara peribadi dengan EDPN
- melengkapkan dan menghantar fom pilihan dalam masa 21 hari setelah diserahkan dengan EDPN. Perhatikan bahawa fom pemilihan terlambat tidak dapat diterima.

Tempoh tingkah laku yang baik bermula 28 hari selepas anda dikasi secara peribadi dengan EDPN kecuali ditunda. Itu akan ditunda sekiranya anda harus melayani diskualifikasi lesen yang lain yang dikenakan selama 28 hari misalnya oleh pengadilan atau di bawah undang-undang penguatkuasa denda.

Dalam artikel seterusnya kami akan membincangkan tentang demerit point yang digandakan selama masa percutian, mendapatkan demerit point di bidangkuasa lain dan memberikan contoh pelanggaran jalan/membawak kereta yang menimbulkan demerit point.

DESIGNING AND ESTABLISHING A MARINE PARK AT Cocos (Keeling) Islands

Cocos (Keeling) Islands and Christmas Island are the only Australian marine regions where marine parks have not been established.

On 5 October, a 'proclamation proposal' for the establishment of marine parks at Cocos (Keeling) Islands and Christmas Island was released for public consultation.

This brings us close to the final stages of creating these marine parks. The proposal sets out the designs (including area, location and zoning) of the proposed marine parks and can be accessed at parksaustralia.gov.au/marine/lot/process/.

The aim of the marine parks is to provide for the protection of biodiversity and important marine habitats like seagrass and coral, and ecologically sustainable use that supports positive social and economic outcomes—especially for local communities.

The design of the proposed Cocos (Keeling) Islands Marine Park reflects the co design process that has occurred with the Cocos community over the last eight months. Mike and Allyn from Parks Australia would like to thank the community for their positive engagement in this process and

especially those groups and individuals who also took the time to make written submissions on the consultation draft that was released in July.

Have your say

Parks Australia again encourages all interested Cocos Islanders to submit their comments on the proposed marine parks. Because this is a legal consultation period, comments must be submitted in writing.

Send your comments by 6 December 2021 to: iotmarineparksproclamation@environment.gov.au

Comments may be published on the Parks Australia website. For full details and privacy information, please review the proclamation proposal.

Cocos (Keeling) Islands continued

More info: parksaustralia.gov.au/marine**What are the next steps?**

When the consultation closes on 6 December, the Director of National Parks must prepare a report for the Minister for the Environment to consider before the marine parks can be declared by the Governor General.

Establishing these marine parks is just the start – Parks Australia looks forward to working with the Cocos community over the coming months and years to develop a management plan for the Cocos (Keeling) Islands Marine Park and projects that will support a healthy and productive marine environment for Cocos Islanders now and into the future.

DESIGNING AND ESTABLISHING
A MARINE PARK AT

Cocos (Keeling) Islands

Pulu Cocos (Keeling) dan Pulu Christmas adalah satu-satunya daerah lautan Australia dimana taman lautan belum dibentuk.

Pada 5 October, sebuah 'cadangan pernyataan' untuk pertubuhan taman lautan di Pulu Cocos (Keeling) dan Pulu Christmas dikeluarkan untuk perundingan umum.

Ini membawa kita lebih dekat ke peringkat-peringkat akhir dalam menyiapkan taman lautan ini. Cadangan ini menetapkan desain (termasuk kawasan, tempat dan zone) cadangan taman lautan ini dan boleh di akses melalui parksaustralia.gov.au/marine/iot/process/.

Tujuan taman lautan ini adalah untuk memberikan perlindungan terhadap biodiversiti dan tempat tinggal binatang lautan yang penting seperti lumut dan karang, dan penggunaan ekologi yang bertahanan yang menyokong hasil sosial dan ekonomik yang positif – terutama untuk masyarakat tempatan.

Desain cadangan Taman Lautan Pulu Cocos (Keeling) mencerminkan proses kerjasama yang telah berlaku dengan masyarakat Cocos sepanjang delapan bulan kebelakangan ini. Mike dan Allyn daripada Parks Australia ingin berterima kasih kepada masyarakat atas perhubungan mereka yang positif dalam proses ini dan terutama kepada

kumpulan-kumpulan dan individu yang mengambil masa untuk memasukkan pendapat mereka secara tertulis mengenai perundingan draft yang dikeluarkan pada bulan Juli.

Berikan suara anda

Parks Australia sekali lagi menyokong semua penduduk Pulu Cocos yang berminat untuk memasukkan pendapat mereka mengenai cadangan taman lautan ini. Oleh kerana ini adalah masa perundingan menurut undang-undang, pendapatan harus secara tertulis.

Kirim pandangan anda sebelum 6 December 2021 ke: lotmarineparksproclamation@environment.gov.au

Pendapatan anda mungkin diterbitkan di website Parks Australia. Untuk keterangan terperinci dan peribadi, silah periksa cadangan penganuman.

Cocos (Keeling) Islands continued

More info: parksaustralia.gov.au/marine

Apa langkah-langkah seterusnya?

Bila perundingan tertutup pada 6 December, Director of National Parks harus menyiapkan laporan untuk Minister for the Environment untuk pertimbangan sebelum taman lautan boleh diumumkan oleh Governor General.

Membentuk taman lautan ini hanya permulaan — Parks Australia menunggukan untuk bekerja dengan masyarakat Cocos dalam beberapa bulan dan tahun hadapan untuk menyiapkan rencana pengurusan untuk Taman Lautan Pulu Cocos (Keeling) dan projek-projek yang boleh menyokong alam lautan yang sihat dan produktif untuk penduduk Pulu Cocos sekarang dan kemasa hadapan.
