## Update from Parks Australia

The Pulu Keeling National Park Island Wide Survey was carried out over a two week period during October. This has been a chance for Parks Australia to assess any changes to the island ecosystem due to threats from invasive plant and animal species. Some of our focus areas included weed spread of species such as coral berry, and Yellow Crazy Ant distribution. We also conducted night surveys to see if any rodents could be detected and assess gecko presence across North Keeling Island. The last island wide survey was conducted during 2012. These are special events for us and help inform decision making about future management of the National Park.

Also during October we undertook monitoring of our Cocos Buff Banded Rails on Horsburgh Island. This is a bi-annual survey to estimate bird numbers and ensure the Rails continue to breed and prosper. John Woinarski was also on island for the fieldwork. John is a specialist biologist in this field and his focus was to capture a number of birds for banding and genetic sampling, John will look at how much genetic variation we have in our Southern Atoll Rails, which is important for the long term survival of the population.

In other news from Parks Australia, Christmas Island along with Taronga Zoo, are successfully breeding Blue tailed skinks in captivity. The Blue Tailed skink is endemic to Christmas Island and is a Critically Endangered species. Threats to the reptiles on Christmas Island are thought to include; Asian wolf snakes, giant centipedes, cats and yellow crazy ants.

As part of the management strategy for the survival of Blue tailed skinks, we're investigating the feasibility of a potential insurance population of this species on an uninhabited island of the Southern Cocos Atoll. Cocos is potentially an ideal location for these animals as they would not impact any other species and threats are minimal in comparison to Christmas Island.

At this stage, initial assessment of habitat needs to be conducted for us to know if Cocos is an option for a blue-tailed skink population. Should Cocos be deemed a feasible location, we'll discuss with the Cocos Community and Cocos Shire Council the next steps that could be taken to help secure the survival of this unique species.

### Mowing and

### Fertilizing

- **Mow only as often as you need** to keep your lawn in good shape. For most lawns, that means cutting your grass no lower than 2.5 inches; keeping many grasses as long as 3.5 inches is ideal for crowding out crab grass and other weeds. Longer grass retains water better.

- **Use natural fertilizers or compost.** They release nutrients slowly throughout the year, won't leach away, and support the variety of soil organisms that combat diseases.

**If you're in the market for a lawn care company**, seek out one that uses "natural" management practices as opposed to heavy chemical treatments. For more information about the hazards of lawn pesticides, see this [Lawn Pesticide Fact Sheet](#) from EarthShare Member nonprofit Beyond Pesticides.

- **Leave grass clippings on the lawn** after you mow to provide your lawn with a natural (and free) source of nutrients, or compost the clippings for use in your garden.

Yoga for weight loss.

Desire of many ! Yoga helps here too. Sun Salutations and Kapalbhathi pranayama help lose weight with yoga.

Moreover, with regular practice of yoga, we tend to become more sensitive to the kind of food our body asks for and the time we take. This can also help keep a check on our weight.

Yoga for stress relief. A few minutes of yoga during the day can be a great way to get rid of stress that accumulates daily - in both the body and mind. Yoga postures, pranayama and meditation are effective techniques to release stress. You can experience the calming effects of yoga in the Sri Sri Yoga Level 2 program.

## Berita dari Parks Australia

Pulu Keeling National Park Island Wide Survey dijalankan dalam dua minggu dimasa bulan October. Ini telah menjadi peluang untuk Parks Australia untuk menyelidik jika ada petukaran terhadap ekosistem pulu oleh kerana tanaman dan jenis binatang yang bersifat invasive. Berberapa kawasan yang kita fokus termasuk tersebaran jenis weed seperti coral berry, dan Yellow Crazy Ant. Kita juga menjalankan survey dibahagian malam untuk melihat jika ada binatang jenis rodent yang boleh didapati dan menyelidiki kehadiran cicak di Pulu Keeling. Survey keseluruhan pulu ini dijalankan pada tahun 2012 dahulu. Acara seperti ini istimewa untuk kami dan membantu kami membuat keputusan yang tepat dalam pengurusan masa hadapan Taman Negara ini.

Dimana October juga kami menjalankan pemeriksaan Cocos Buff Banded Rails di Pulu Luar. Ini adalah survey yang dijalankan dua kali setahun untuk memperkirakan jumlah burung-burung ini dan memastikan Rails ini dapat berkembang dan berhasil baik. John Woinarski juga berada dipulu untuk kerjaan ini. John adalah ahli biologists dalam bidang ini dan fokus dia ialah menangkap berberapa burung untuk menandakan dan sampling genetic. John akan melihat berapa banyak perbezaan genetic yang kami ada di Rails di Pulu-pulu sebelah Selatan, yang penting untuk kehidupan jumlah penduduk masa hadapan.

Dalam berita lain dari Parks Australia, Christmas Island bersama dengan Taronga Zoo, berhasil membuat keturunan cicak 'Blue tailed skinks' dalam piaraan. Blue Tailed skink adalah binatang asli Pulu Christmas dan adalah jenis yang Sangat Terancam. Ancaman terhadap reptile ini di Pulu Christmas difikirkan daripada: ular Asian wolf, alipan besar, kucing-kucing dan semut yellow crazy ants.

Sebahagian daripada strategi pengurusan untuk kehidupan Blue tailed skinks, kami menyelidiki kelayakan untuk mengadakan jumlah penduduk jenis ini di salahsatu pulu disebelah Selatan Cocos. Cocos dengan mungkin sekali tempat yang sesuai untuk binatang-binatang ini kerana mereka tidak ada gangguan terhadap jenis-jenis dan ancamannya sangat berkurangan jika ditandingkan dengan Pulu Christmas.

Pada peringkat ini, penyelidikan awal mengenai keperluan tempat tinggalnya perlu dijalankan untuk kami ketahui jika Cocos adalah pilihan untuk blue-tailed skink. Haruskah Cocos dipertimbangkan tempat yang berkelayakan, kita bincangkan ini dengan Masyarakat Cocos dan Cocos Shire Council langkah-langkah seterusnya yang mungkin diperlukan untuk membantu memastikan kehidupan jenis-jenis yang unik ini.

## Drug offences and you IV – other potential consequences of convictions for serious drug offences

These are short articles about legal issues that may interest you. They are not legal advice. You should always get individual legal advice for your situation.

This is the fourth in several articles about drug offences under state-based legislation that is applied to Christmas and Cocos (Keeling) Islands and under Commonwealth legislation. These first several articles are about offences under the state-based *Misuse of Drugs Act 1981 (WA)(CI)* (“MDA”).

In the first and second articles we talked about prohibited drugs and premises and drug paraphernalia and offences to do with prohibited plants. In the third, we talked about the offence to do with selling or supplying or offering to sell or supply prohibited drugs, or manufacturing drugs, or possessing drugs with intent to sell or supply.

In this article we will talk about more potential consequences of convictions for some serious offences under the MDA.

### Selling or supplying trafficable quantity of methylamphetamine (ice)

If you sell or supply, or offer to sell or supply, or possess with intent to sell or supply, a trafficable quantity of methylamphetamine (ice) it is a very serious offence. A trafficable quantity is 28 grams or more. In this case you must be dealt with by the District Court and the maximum penalty is life imprisonment.

### Selling or supplying, or offering to sell or supply a prohibited drug or prohibited plant - penalties if children are involved

With these offences involving prohibited drugs or prohibited plants, if you are an adult and you sell or supply, or you offer to sell or supply, to a child under 18 years you must be sentenced to either suspended imprisonment, conditional suspended imprisonment or imprisonment, if it is your first offence. If it is a subsequent offence you must be sentenced to at least 6 months imprisonment.

There are the same penalties if you are an adult and manufacture a prohibited drug and in doing so endanger the life, health or safety of a child under 16 years. If you actually cause bodily harm to a child under 16 years you must be sentenced to immediate imprisonment of at least 12 months.

### Being declared a drug trafficker in certain circumstances

You can be declared a “drug trafficker” in certain circumstances if you are convicted of a “serious drug offence”, or an equivalent offence in another jurisdiction (such as under Commonwealth legislation). The application is made by the prosecution and can be made within 6 months of the conviction that brings you within the definition of what constitutes a drug trafficker.

A “serious drug offence” is:

- selling or supplying a prohibited drug or plant, or offering to, or
- manufacturing or preparing a prohibited drug, or
- possessing a prohibited drug or prohibited plants with intent to sell or supply it or them, including having so much of the drug or so many of the plants that you are presumed to have an intent to sell or supply it or them, or
- attempting to commit an offence which is a crime (which is a more serious offence than a simple offence) under the MDA, or
- conspiring to commit an offence of sell or supply or offer to sell or supply a prohibited drug or plant, or manufacture a prohibited drug, or possess a prohibited drug or plant with intent to sell or supply it or them.

If you are convicted of one of these offences mentioned above, and have an amount of the drug or number of plants equal to or greater than specified in schedules in the MDA you can be declared a “drug trafficker”. Examples in the schedules are if you have 20 or more cannabis plants, or 3 kgs or more of cannabis, or 28 gms or more of amphetamine, cocaine, methylamphetamine or ecstasy.

Alternatively, if you are convicted of a serious drug offence and have been convicted of a serious offence twice or more in the previous 10 years, you can also be declared a “drug trafficker”.

If you are declared a drug trafficker, you are then liable to have any property you own, or any property that you have given away before or after the declaration, confiscated by the government, under the *Criminal Property Confiscation Act 2000 (WA)(CI)*. The policy behind this is that it is presumed to be property gained from illegal activity.

In the next article we will move onto drug offences under Commonwealth legislation.

## **Pelanggaran Drug dan kamu IV – lain-lain kemungkinan akibat daripada hukuman untuk pelanggaran drug yang berat.**

Majalah-majalah pendek ini tentang perkara-perkara hukum yang mungkin menarik perhatian kamu. Ia bukan nasihat menurut perundangan. Kamu harus selalu mendapatkan nasihat undang-undang untuk keadaan kamu.

Ini adalah majalah ke empat tentang pelanggaran drug dibawa perundangan bahagian state yang digunakan di Pulu Christmas dan Cocos (Keeling) dan dibawa perundangan Commonwealth. Yang pertama dalam beberapa majalah adalah tentang pelanggaran menurut perundangan bahagian state dalam Misuse of Drugs Act 1981 (WA)(CI) ("MDA").

Dalam majalah pertama dan kedua kita bincangkan tentang drug yang terlarang dan tempat-tempat dan pekakas-pekakas penggunaan drug dan pelanggaran-pelanggaran yang berkenaan dengan tanaman-tanaman terlarang. Dalam majalah ketiga, kita bincangkan tentang pelanggaran yang mengenai menjual atau menyediakan atau menawarkan untuk menjual drug terlarang, atau perbuatan drug, atau memiliki drug-drug dengan tujuan untuk dijual atau menyediakan.

Dalam majalah ini kita akan bincangkan lain-lain kemungkinan akibat daripada hukuman yang mengenai pelanggaran berat dibawa MDA.

### **Menjual atau menyediakan jumlah methyl amphetamine (ice) untuk perdagangan**

Kalau kamu menjual atau menyediakan, atau menawarkan untuk jualan atau persediaan, atau mempunyai dengan tujuan untuk menjual atau persediaan, jumlah methyl amphetamine (ice) untuk perdagangan inilah pelanggaran yang sangat berat. Jumlah perdagangan ialah 28 grams atau lebih. Dalam kes ini kamu mesti diurus oleh District Court dan hukuman maksimum ialah penjara seumur hidup.

### **Menjual atau menyediakan, atau menawarkan untuk menjual atau menyediakan drug terlarang atau tanaman terlarang – hukuman jika ada anak-anak terlibat**

Dengan pelanggaran yang melibatkan drug terlarang atau tanaman terlarang, kalau kamu seorang dewasa dan kamu menjual atau menyediakan, atau kamu menawarkan untuk menjual atau menyediakan, untuk anak-anak dibawa 18 tahun kamu mesti dihukum untuk penjara yang ditunda, penjara yang ditunda dengan syarat-syarat atau dipenjara, kalau ia pelanggaran pertama. Untuk pelanggaran seterusnya kamu mesti dipenjara untuk sekurang-kurangnya 6 bulan.

Ada hukuman yang sama kalau kamu seorang dewasa dan membuat drug terlarang dan dengan berbuat demikian memberbahayakan kehidupan, kesihatan atau keselamatan anak-anak yang dibawa 16 tahun. Kalau kamu menyebabkan kecederaan badan kepada anak-anak dibawa 16 tahun kamu mesti dihukum penjara dengan segera untuk sekurang-kurangnya 12 bulan.

### **Digelarkan sebagai pedagang drug dalam keadaan-keadaan tertentu**

Kamu boleh digelarkan sebagai "pedagang drug" dalam keadaan-keadaan tertentu jika kamu didapati bersalah dalam "pelanggaran drug yang berat", atau pelanggaran yang sama dalam wilayah kuasa lain (contohnya didalam perundangan Commonwealth). Pemohonan dibuat oleh pihak pendakwa dan boleh dibuat dalam masa 6 bulan hukuman ini dibuat yang membawa kamu dalam penerangan apa yang dimaksudkan sebagai pedagang drug.

"Pelanggaran drug yang berat" adalah:

- menjual atau menyediakan drug atau tanaman, atau menawarkan untuk, atau
- membuat atau menyiapkan drug terlarang, atau
- mempunyai drug terlarang atau tanaman terlarang dengan tujuan untuk menjual atau menyediakannya, termasuk mempunyai drug bergitu banyak atau tanaman yang kamu dianggap mempunyai tujuan untuk jual atau menyediakannya, atau
- mencoba untuk membuat pelanggaran yang merupakan jenayah (yang merupakan pelanggaran lebih berat daripada pelanggaran yang ringan) dibawa MDA, atau
- berkongsi untuk berbuat pelanggaran dalam menjual atau menyediakan atau menawarkan untuk menjual atau menyediakan drug atau tanaman terlarang, atau membuat drug atau tanaman terlarang dengan tujuan untuk menjual atau menyediakannya.

Jika kamu dihukum dengan salahsatu pelanggaran tersebut diatas, dan mempunyai jumlah drug atau beberapa tanaman yang setaraf atau lebih daripada yang dinyatakan dalam daftaran MDA kamu boleh digelarkan sebagai "pedagang drug". Contoh-contoh dalam daftaran adalah kalau kamu mempunyai 20 atau lebih tanaman cannabis, atau 3 kilo atau lebih cannabis, atau 28 gms atau lebih amphetamine, cocaine, methyl amphetamine atau ecstasy.

Ada kemungkinan lain, kalau kamu didapati bersalah pelanggaran drug yang berat dan telah dihukum kerana pelanggaran berat dua kali atau lebih dalam 10 tahun sebelumnya, kamu juga boleh digelarkan "pedagang drug".

Kalau kamu digelarkan sebagai pedagang drug, kamu dipertanggungjawabkan untuk segala harta milik kamu, atau harta yang kamu telah jual sebelum atau selepas pernyataan ini, dirampas oleh kerajaan, menurut undang-undang Criminal Property Confiscation Act 2000 (WA)(CI). Perundangan dibelakang akta ini ialah dianggap harta itu semua didapati daripada aktiviti haram.

Dalam majalah seterusnya kita akan maju mengenai pelanggaran drug dibawa perundangan Commonwealth.

**Quote of the Day**

Never reach out your hand unless you're willing to extend an arm.

**Thought for the Day**

The most wasted of all days is one without laughter.

**Joke of the Week**

Nelson Mandela is sitting at home watching the telly when he hears a knock at the door. When he opens it, he is confronted by a little Chinese man, clutching a clip board and yelling, "You sign! You sign!" Behind him is an enormous truck full of car exhausts. Nelson is standing there in complete amazement, when the Chinese man starts to yell louder. "You sign! You sign!" Nelson says to him, "Look mate, you've obviously got the wrong bloke. Push off", and shuts the door in his face.

The next day he hears a knock at the door again. When he opens it, the little Chinese man is back with a huge truck of brake pads. He thrusts his clipboard under Nelson's nose, yelling, "You sign! You sign!". Mr Mandela is getting a bit hacked off by now, so he shoves the little Chinese man back, shouting: "Look, push off! You've got the wrong bloke! I don't want them!" Then he slams the door in his face again.

The following day, Nelson is resting, and late in the afternoon, he hears a knock on the door again. On opening the door, there is the same little Chinese man thrusts a clipboard under his nose, shouting "You sign! You sign!" Behind him are TWO very large trucks full of car parts. This time Nelson loses his temper completely, he picks up the little man by his shirt front and yells at him; "Look, I don't want these! Do you understand? You must have the wrong name! Who do you want to give these to?" The little Chinese man looks at him very puzzled, consults his clipboard, and says: "You not Nissan Maindealer?"
